# Penga

## festival uskrsnih tradicija

EASTER TRADITIONS FESTIVAL

---

Dubrovnik, 10th to the 12th of April 2025

---

**The Easter Traditions Festival Penga** focuses on, affirms, and presents elements of the rich intangible cultural heritage of Dubrovnik and its surroundings, Dalmatia, and Croatia, connected to the celebration of the greatest Christian holiday, Easter, as well as the beginning of spring. Through numerous presentations, exhibitions, performances, creative and educational workshops, competitions, and exhibitions in museum and public spaces, both local and international visitors can directly engage with the phenomena, knowledge, techniques of craftsmanship, and other forms of intangible cultural heritage, as well as their bearers. The aim of the festival is to highlight valuable yet somewhat neglected aspects of spiritual heritage, which are an integral part of our identity and a unique symbol of our recognition in the European cultural context. The festival is organized by the Dubrovnik Museums, the City of Dubrovnik, and the Dubrovnik Tourist Board.
